Claims 1-14 YESClaims NONE NO

Industrial Applicability (IA)

Claims 1-14 YESClaims NONE NO**2. CITATIONS AND EXPLANATIONS**

Claims 1-14 meet the criteria set forth in PCT Article 33(2)-(4), because none of the references of the record teaches or fairly suggests the instant amino ethyl ethylene urea-substituted mixed partial salt of a copolymer of a polyalkyl vinyl ether and maleic acid and because there is no motivation to combine the references of the record and because the instant composition has the industrial application, a denture adhesive.
